

Medical Center Parking

Patients & Visitors

Patients and visitors to the OSU Medical Center may park in designated garages or at parking meters. All vehicles parked on campus must display a current OSU parking permit or pay the appropriate hourly fees.

The SAFEAUTO Hospitals Garage is designated for patient and visitor parking only. Discount parking vouchers are available for patients and visitors. For more information about Medical Center parking, please contact the Medical Center Customer Service office at 293-4639.

Valet Parking is available for a fee. Please see the valet attendant for further assistance or contact the Medical Center Customer Service office at 293-4639.

Faculty & Staff

All Medical Center student employees, faculty, and staff (all shifts) who choose to park on campus must purchase and display an annual parking permit and park according to permit restrictions. If a Medical Center student employee, faculty, or staff member parks in a patient/visitor garage (SafeAuto Hospitals Garage and 12th Ave. Garage) while not a patient, they may be cited.

Did You Know...

The SAFEAUTO Hospitals Garage is designated for patient and visitor parking only.
