

# Disability Parking (cont.)

Permanent and Temporary Disability Permits are not authorized to park in “restricted” spaces, defined as state vehicle spaces, load zones, fire lanes, and other specifically designated spaces. Also, if parked at a meter, all fees must be paid.

## Parking Space Markings

The hashed area directly next to the designated disability parking space is considered to be part of the disability parking space; this area allows individuals with mobility impairments to enter/exit the vehicle. Vehicles found parking in these areas will be cited and may be towed.

# Handivan Paratransit Service

Handivan is an adapted transportation service provided for students, faculty and staff members, or visitors with temporary or permanent mobility impairments. This service transports wheelchair and ambulatory passengers door-to-door, both on and off campus, within University established boundaries.

Handivans operate during the same hours as regular bus service.

For more information or to schedule rides, please call 292-6122 or visit our web site at [www.tp.osu.edu](http://www.tp.osu.edu).

A Handivan Rider request form must be completed in order to ride the Handivan. Forms may be requested by phone at 292-6202 or on our web site. Letters of correspondence, prescriptions, or other physician issued materials cannot be accepted in lieu of a completed form.

If you wish to be transported outside of the University established boundaries, you will need to contact COTA Mainstream at 228 -1776 or by checking their web site at [www.cota.com](http://www.cota.com).

## Did You Know...

The Handivan system consists of four vehicles equipped with wheelchair lifts, raised roofs, tie-downs, seat belts, and a two-way radio.

Each vehicle can transport two to three wheelchairs and two to three seated passengers at one time.

There is no Handivan Service on official University Holidays.

Many of the CABS buses are equipped with wheelchair lifts. If a passenger in need of a wheelchair lift is at a bus stop and the bus is not equipped with a lift, a Handivan will be dispatched to assist the passenger.
