

# Getting Additional Information

## Construction Updates

- Maps showing campus construction projects that may affect parking and traveling are posted in Bevis Hall.
- Questions regarding construction on campus may be e-mailed to [constructionquestion@osu.edu](mailto:constructionquestion@osu.edu).

## Special Events Information

University and Schottenstein event calendars are available on the World Wide Web:

- University events calendar - <http://www.osu.edu>
- Schottenstein events calendar - <http://www.schottensteincenter.com>

Competing needs for parking facilities exist with special events (i.e. concerts, department programs, athletic events, etc.) scheduled throughout the week at various times. Transportation & Parking Services continues to work with event organizers to provide the most convenient parking for event participants, with minimal inconvenience to OSU permit holders. If you are hosting an event, that may need special event parking, please call 292-6390.

## Outreach Services

Transportation & Parking Services Outreach area provides several opportunities for University departments and organizations to learn about parking and traveling on campus. We'll be happy to attend your new student and employee orientations, meetings, and events. Groups of 25 or more may request an orientation session and/or parking permits be sold on-site. For more information, please call 292-9630. We will schedule a convenient time to talk with your group.

## Motorist Assistance

On-campus assistance is available if your car needs a jump-start, if you lock your keys inside your car, or if you have a low tire and need air. If you run out of fuel, we will provide a gallon of gas for you to drive to the nearest station. The following information will be helpful when using the service:

- Let the dispatcher know the make, model, color, and location of vehicle requiring assistance.
- Raise the hood and stay with your vehicle until assistance arrives.
- In instances where the hood of the vehicle cannot be raised (i.e., lockouts), stay with vehicle and watch for assistance to arrive.
- Prior to any services being completed, you will be required to sign a service waiver.
- For safety reasons, please note that all motorist assistance calls will be responded to by red and white vehicles marked "Traffic & Parking Services" or an OSU Police cruiser.

*Please note: Hours of service and availability vary. No weekend or holiday assistance is available.*

**Please call 292-9341 for more information about Motorist Assistance.**

## Did You Know...

Transportation & Parking Services attends hundreds of orientations around campus throughout the year to educate students, faculty, staff, and visitors about parking policies and procedures.
